

## Printing a PDF file from the new Windows 10 UWStudent Lab system:

Download file or “Save as” a PDF file in a known location on the local machine, if it isn’t already.

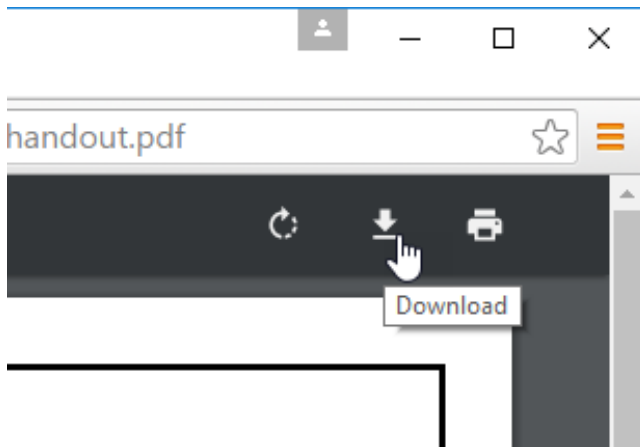

Internet Explorer:

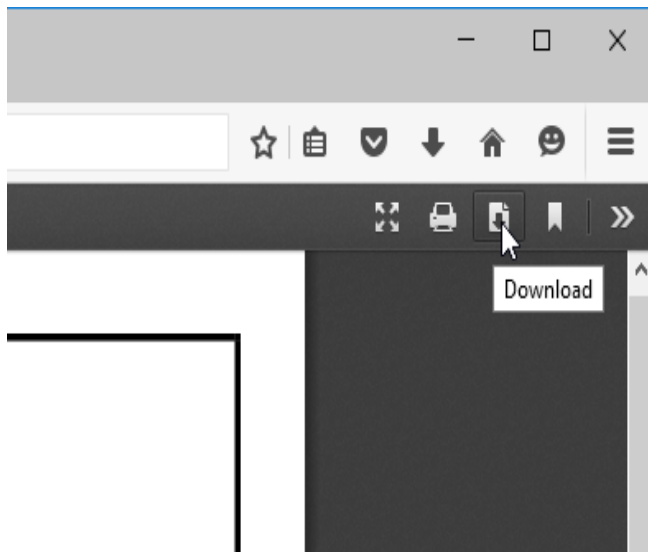

Edge:

Chrome:

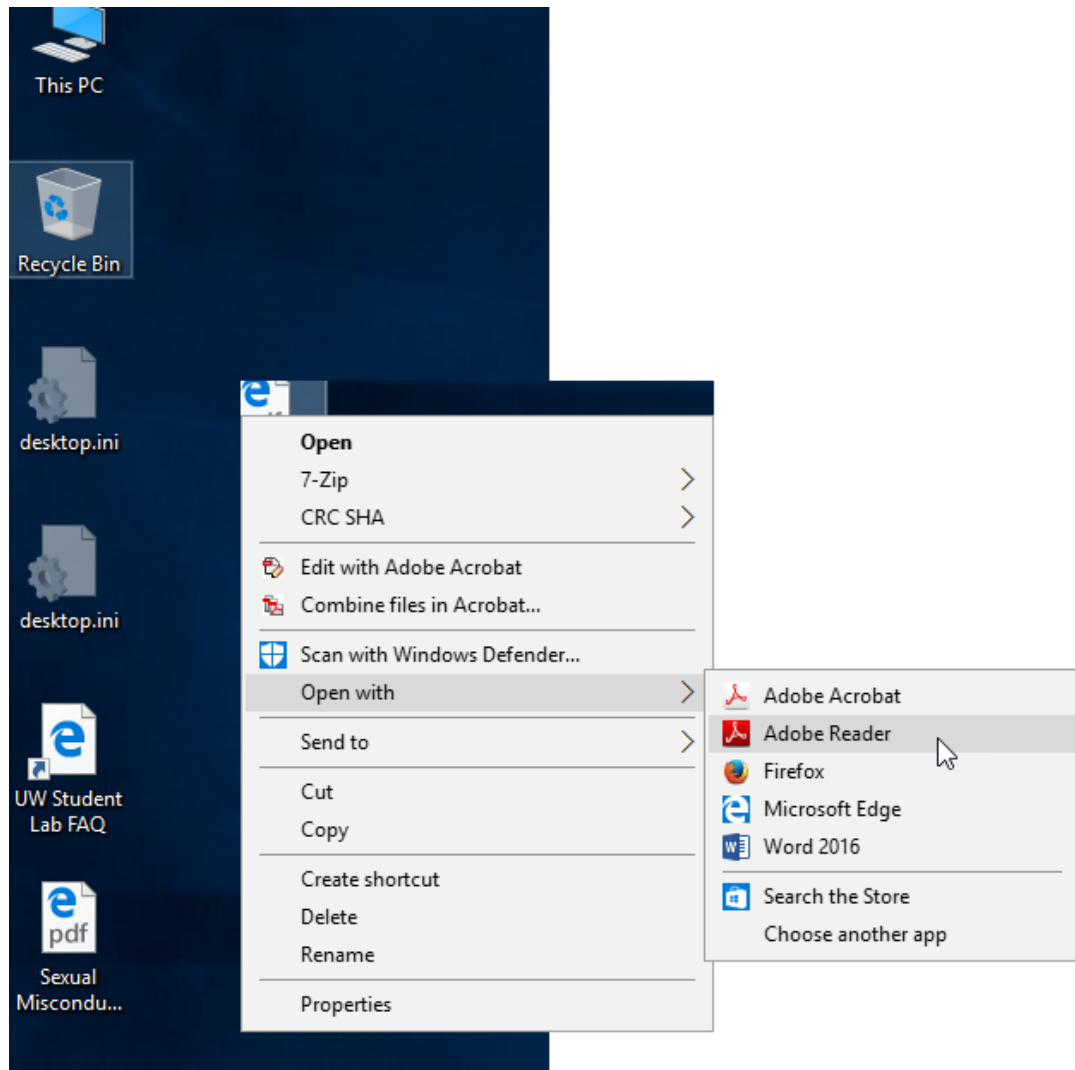

Firefox:

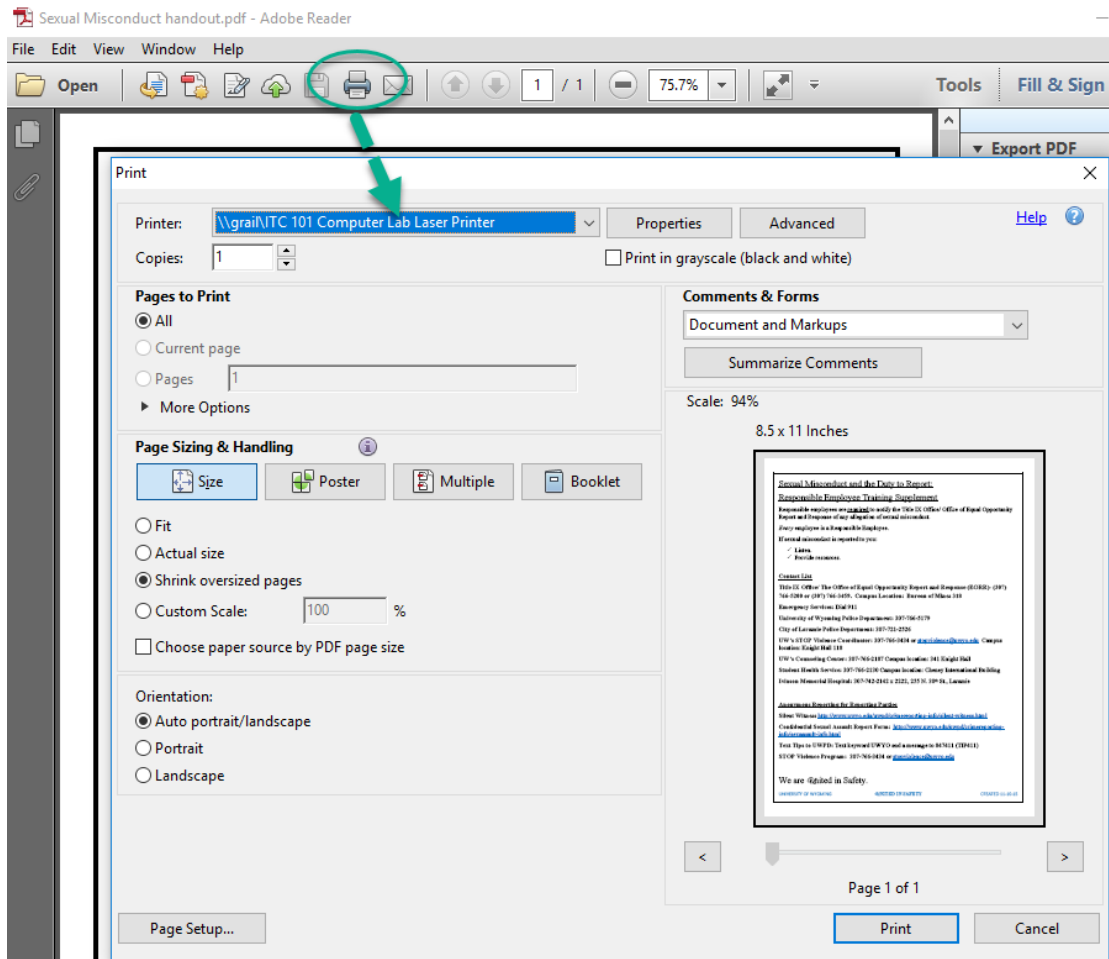

Go to the file you just downloaded,

Right click on it, and select “Open with”;

Select **Adobe Acrobat**, or **Adobe Reader**.

After file opens, select the print icon, then choose the appropriate printer.

Click on Print.
